Power and Elec Zambia 2025 | Day 2 Preview

Day 2 of POWER & ELEC ZAMBIA 2025 is underway at CitiA, Lusaka, a Tribute Portfolio Resort and Spa. The morning atmosphere is vibrant as delegates, exhibitors, and energy professionals gather for another full day of innovation, insight, and collaboration.

Today's program will feature interactive sessions, panel discussions, and technical presentations focused on driving Zambia's energy transition. Across the exhibition stands, industry players are showcasing cutting-edge energy and renewable solutions, from solar technologies and storage systems to power management and transmission innovations.

Stay tuned as we capture the highlights, conversations, and connections shaping Zambia's sustainable energy future.
